Academic Excellence

Our preschool program follows the Creative Curriculum, a State approved comprehensive curriculum based on child development and early education research and theory. The Creative Curriculum teaches children by focusing on creativity and spontaneity, and using every opportunity to help children solve problems, explore new materials, and find answers to questions. We are proud to offer a fun, nurturing, safe, and structured learning environment, which includes circle time, gross and fine motor activities, art, dramatic play, music, science, sand and water activities, block play, and story time.

Excellence By Example

Regional Day School is a public school comprised of an experienced and caring team of professionals, including a social worker, counselor, nurse, and job coach. We also have dedicated, experienced, and accomplished occupational, physical, and speech therapists.

Adaptive Equipment

Our school offers a multitude of adaptive furniture and adaptive equipment for physical, occupational, and feeding therapies. We offer a large adaptive playground with a fenced-in area specifically designed for our preschoolers.

Preschool Excellence

We have a dedicated, caring, and experienced preschool staff that will work closely with you and the therapists to ensure your child receives the education and services they deserve.

- Each classroom has an experienced special education preschool teacher, speech language pathologist, and paraprofessionals. An occupational and physical therapist provide weekly group sessions, as well as individual sessions.
- We have experience working closely with medical professionals for students with a wide variety of medical conditions, ranging from mild to severe.
- We offer small class sizes.
- We offer a 6-week Extended School Year Program.
- We have a dedicated and caring staff who provide parent support groups and essential resources for our families.
